SHE FELL AMONG THIEVES
Mrs. Lease, the Former Populist
Orator, Held Up in Her
New York Home.
ROBBED OF GOODS VALUED AT \$500

The Former Kansan Made No Resistance
to the Demands of the Burglars Who
Threatened Her With a Revolver While
They Ransacked the Rooms—Thieves
Made Their Escape.

New York, May 28.—Mrs. Mary Ellen Lease, the lecturer and former Populist leader, was the victim of a daring robbery in her home in this city. While one robber held a revolver with the muzzle pressing close against her temple and admonished her not to make an outcry, another went through her hat from end to end, gathering up valuables of every description and finished by taking a diamond pin which she wore at her throat. A roll of bank notes amounting to \$111 which Mrs. Lease had just drawn from the bank also was found by the robbers and carried away with them when they made a successful escape. The total value of the booty they secured is placed at \$500.

Mrs. Lease was reading in her sitting room when she heard foot steps in the private hall outside and went to investigate. As she stepped across the threshold, a short, strongly-built man seized her by the throat and forcing her against the wall placed the muzzle of a revolver against her temple. "Not a word," he said and the order was obeyed. "I don't want to shed any blood," continued the burglar, "and I want if you will be sensible and keep quiet. My pal is going through your flat. That diamond studded breast pin of yours looks pretty good. I guess I will take it." Mrs. Lease handed it over without even a word of protest. Through the door to her flat she saw the other burglar packing away her silver and such bric-a-brac as he took a fancy to. "Now you've got some money and you've got to show me where it is," said the burglar. "It must be in that bag you had when you came in. Show me where you put it. No funny business now."

With the burglar's revolver at the back of her head, Mrs. Lease led him to her bed room and pointed out her shopping bag. The burglar opened it, took the roll of bills, and then marched her back to the hall, where he detained her with his revolver until the other robber had finished with the silver and other things in the flat. When the flat had been plundered to their satisfaction the men rushed out of the building and disappeared down the street and out of sight before a warning was given. Mrs. Lease gave the police a good description of the robbers but the thieves have not yet been found.

SHOCKING DISCOVERY.
Two Sons of Pueblo Woman Find Dead
Body of Their Mother on
Returning Home.

Pueblo, May 28.—Returning to their home on South Santa Fe avenue Saturday morning about 5:20 o'clock the two sons of Mrs. Guseppi Carmeci found her dead body lying across the bed in an entirely nude condition. A hasty examination revealed more than a dozen knife wounds about the breasts any of which would have proven fatal. Further investigation by the police resulted in the finding of a freshly dug grave in the cellar under the house, the tools with which it had been dug beside it. A search is being made for the woman's husband who has apparently disappeared. The woman had been dead for several hours when discovered.

THE HAMBURG LEADS.
News of Racing Yachts Brought by Steam-
er St. Paul—Were Half Way
Across.

New York, May 28.—The German yacht Hamburg was leading the Ailsa by 13 miles with the Atlantic, Fleuri de Lys and the English clipper ship Valhalla strung in that order far astern when these yachts were sighted, on May 23, and 24, by the steamer St. Paul. The Endymion also was sighted by the St. Paul, on a course well to the north of that taken by the Hamburg and the Ailsa. The dispatch came to the Associated press by Marconi wireless from the St. Paul Saturday.

Cut in Kansas Oil Prices.
Chanute, Kan., May 28.—It was announced here Saturday that prices paid by the Prairie Oil company for all grades of Kansas-Territory Oil were reduced four cents a barrel. The Prairie is taking about 1,200 barrels daily from the Chanute field, being about one-fifth of the possible production.

Presented With a Loving Cup.
Stockholm, Sweden, May 28.—The American consular corps Saturday presented the retiring minister, W. W. Thomas, Jr., with a handsome silver loving cup as a mark of esteem.

THEIR OFFER WITHDRAWN
New Move in the Philadelphia Gas
Lease Fight by the "Organ-
ization Men."

GAS COMPANY WILL REFUSE THE LEASE

Entire Republican Organization Likely to
Become Involved in the Philadelphia
Row—Mayor Weaver Still Making Gains
Among the Councilmen—Still Needs
Several Votes.

Philadelphia, May 28.—Mayor Weaver and the Republican "organization" leaders are exerting all their efforts, the former to gain control of councils and the latter to prevent a sufficient number of defections from the "organization" ranks to sustain the mayor's veto of the gas lease resolutions. When Mayor Weaver broke with the "organization" over the lease of the city gas works, it was not anticipated by any of those concerned in the fight that it would extend beyond the confines of the city. Developments in the past few days, however, indicate that the entire state organization is likely to become involved.

Since Thursday leaders from various other counties have been coming here seeking information, and it is reported that a call has been secretly issued from headquarters for a conference at Atlantic City, N. J. It is rumored that state and city leaders have been invited to attend the conference.

Mayor Weaver was assured of the support of an additional select councilman, making 11 in that body who are said to be pledged to him. As divided up to Saturday councils stand as follows on the gas lease proposition: Originally voting against the lease, select 7; common, 9; total, 13. Recruits gained against the lease, select, 7; common, 18; total, 25. Votes needed to sustain the mayor's vote, select, 17; common, 34.

"Organization" leaders are responsible for the statement that the United Gas Improvement company has withdrawn its offer to advance the city \$25,000,000 in consideration of an extension of the lease of the city gas works. This, no doubt, is the outcome of the conference between Messrs. Durham, Seger, McNichols and President Dolan of the United Gas company early Saturday.

This afternoon President Dolan sent a letter to President Ransley of the select council and President McCurdy of the common council in which he said that the United Gas Improvement company would withdraw its bid. Mr. Dolan said: "The manner in which the whole subject has been treated induces the United Gas Improvement company believe that the community is opposed to any extension of the gas lease on any terms. This being so, the company is unwilling to accept the ordinance which has been passed or to enter into any contract whatever with the city looking to any variation of the terms of the present lease."

"The United Gas Improvement company therefore begs respectfully to advise councils that, for the reason stated above, should the pending ordinance become a law it will not be accepted by it."

ROCKHILL AT CHEFOO.
American Minister to China Says Boycott
on American Goods was Carried
by Misunderstanding.

Chefoo, May 28.—W. W. Rockhill who has succeeded Mr. Conger as American minister at Peking, arrived here Saturday on board the cruiser Baltimore, en route to Taku. He is accompanied by his family. Minister Rockhill stated that he was informed at a conference with Chinese at Shanghai that it developed that the stories given wide circulation by the oriental press as to the effect that the Chinese were contemplating a boycott on American goods as a retaliation for contemplated American legislation against Chinese immigration, were the result of a misunderstanding. The Chinese had apparently believed that such legislation was about to be enacted.

Displaced with Freight Rates.
Topeka, Kan., May 28.—A complaint, which is expected to develop into one of the most important freight rate cases ever tried in Kansas, has been filed before the state railroad commission by a wholesale hardware company of Wichita. It is directed at the Santa Fe, Rock Island and Missouri Pacific railroads and charges of unfair and discriminating rates on certain classes of hardware from Atchison to Wichita are made.

Kansas Wheat Crop.
Topeka, Kan., May 28.—James P. Koontz, general freight agent of the Santa Fe railroad, estimates the probable wheat production of Kansas this year at \$2,650,350 bushels. He has made his own deductions from figures furnished him by station agents, county clerks and others. He says his correspondents were cautioned to be conservative in their figures.

A GREAT NAVAL BATTLE IS PROGRESSING IN EAST

Special to Evening News:

Kansas City, Mo., May 29, (4:46 p. m.)--Official telegram from Tokio says: Togo reports losses sustained by Russians Saturday and Sunday were two battleships, one coast defense armor clad, five cruisers, two special service ships, three destroyers sunk. In addition the Japs captured two battleships, two coast defense armor clads, one special service ship and one destroyer. Rear Admiral Nebogatoff, with 3000 other Russians, were taken prisoners. Rojensky seems to have escaped. The Japs are still pursuing the Russians.

Washington, May 28.—The American consul at Nagasaki cabled the state department that the Japanese have sunk a Russian battleship, four other warships and a repair ship in the Straits of Korea.

The following is the text of the Nagasaki dispatch to the state department:

"Nagasaki, May 28.—The Japanese have sunk the Russian battleship Borodino and four more Russian ships and a repair ship."

The other read as follows.
"Tokio, May 28.—The Japanese fleet engaged the Baltic squadron this afternoon in the Straits of Tsu Shima. The cannonading is heard from the shore."

Tsingtau, May 29.—There is a running naval engagement between the Russian and Japanese fleets in the Straits of Korea, near the Island of Oki.

It is reported that the whole Russian fleet is not participating, all the slower vessels having steamed around Japan.

The Japanese losses so far are stated to be one cruiser and ten torpedo boats.

The island is situated in the Sea of Japan about 200 miles northeast of the Straits of Korea, where the battle between the Japanese and Russian fleets is reported to have had its beginning.

The Misses Carney's who have been visiting their brother C. P. Carney and family left this morning for their home at Seymour, Texas.

TO AMUSE CHICAGOANS.

The "White City" Formally Opened to the
Public—Great Crowd in
Attendance.

Chicago, May 28.—The White City, the "Coney Island" of the West, was formally opened Saturday to crowds of people that filled the streets for blocks in every direction from the entrance. The White City in appearance is not unlike the world's fair at Chicago, so far as the architecture and color of the buildings are concerned. It is a pleasure resort, combining the attractive features that were seen on the Midland and the Pike at St. Louis. Located on way during the world's fair at Chicago the South side, about a mile west of the old world's fair grounds, the White City occupies about 20 acres, 600

buildings, all painted white and of permanent construction. The buildings cost something over \$1,000,000 and will be an attraction every summer. The general design of the structures and the landscape features were intended to revive in the minds of the citizens of Chicago and the visitors to the world's fair the Columbian exposition of 1893. While not as large as the world's fair, the White City will accommodate from 25,000 to 40,000 people daily, and will be open to the public every day and at night including Sundays.

Refinery For Erie, Kan.

Erie, Kan., May 28.—Fifty men with teams have commenced work constructing a refinery for the Great Western Refinery company here. Most of the construction material is on the ground. The 1,000 barrel refinery of the Kansas Independent company in process of construction is on an adjoining site.

King Oscar Is Firm.

Christiania, May 28.—King Oscar, at Saturday's sitting of the council of ministers, declined to sign the law requiring a separate consular system for Norway. The ministers immediately tendered their resignations but the king refused to accept them.

Arrested For Grand Larceny.

Russell Lee, who has been making Francis his stopping place for some days was arrested here this morning near the Katy depot upon the charge of stealing a watch from Mat Pearson, of Francis.

Mr. Pearson had laid his watch in a horse trough and stepped out of the barn when Lee entered and took the watch and made for the Frisco depot where he boarded the passenger on his way to Ada.

City Marshal Hogue phoned the officers here and Lee was spotted a few minutes after landing and the watch found pinned in his sock. He was promptly locked up and the property turned over to Mr. Pearson, who identified his property at first glance.

Lee has served a term of a year and a day for grand larceny and his chances are bright for another term.

Frisco Bridge Ruined.

Thomas, Ok., May 29.—Forty bents were swept from the Frisco bridge over the South Canadian river Sunday night. The river is raging and there are no means of transferring passengers. The bridge is about a mile long and it is nearly a total wreck.

Prompt Payment.

For prompt and quick payment the Modern Woodmen deserve especial mention.

George Bowlin, who was killed by lightning some days ago, held a policy of \$1,000 in that order. The death proof was made out and forwarded to the head camp and in two weeks to a day the draft, payable to the widow, was in the hands of the local clerk. This is pretty quick work, considering that a dozen or more affidavits had to be taken and examined, and had there been the slightest error in any one of them the papers would have been returned.

Marriage licenses were issued today to T. J. Strong, age 21, and Miss Myrtle Freeman, aged 19, both of Stonewall.

HON. TAMS BIXBY

Appointed to Continue Work of Dawes Commission

Washington, D. C., May 29.—Tams Bixby, at present chairman of the Dawes Indian commission, has been designated by the secretary of the interior to continue the work of that commission, after it expires, July next.

The selection of some one to perform this duty is in accordance with the direction of congress, and Mr. Bixby was chosen because of his familiarity with the details of the work of the commission.

The announcement was made at the interior department Saturday that Mr. Breckenridge had withdrawn his resignation as a member of the commission. He will continue to serve during the life of the commission.

Guthrie's First Street Car.

Guthrie, Ok., May 29.—The first street car on the new Guthrie system was put in operation Sunday by John Shartel of Oklahoma City, who holds the local franchise. Mr. Shartel invited the newspaper men and correspondents of the city, the city officials and several other guests to take the first ride.

The first street car caused a big runaway. It was a circus team, too; rather two teams, for it was a double-header, pulling the band wagon, with the Jess James band on board. The team ran pell-mell down one of the main business streets, overturned the wagon and injured a number of the players as well as demolishing several of the band instruments.

The property in which this company is interested and which it proposes to develop is located in the heart of the lead and zinc mining district of the Ozark mountains in Arkansas. The claim is said to be rich in both of these ores and there is also an excellent oil prospect in sight. The company is capitalized at \$75,000 with no stock for sale at present. The development is to be commenced at once under the direction of Dr. Lahn. Paul Sims, formerly of Wisconsin, is one of the principal promoters. The offices will be maintained in this city, the home of a majority of the stockholders. The property has been known to contain valuable deposits of ore for some years but owing to the absence of transportation facilities nothing was done toward its development until recently. A railway was built within a mile of the property only a short time ago. A shaft has already been sunk to a depth of 55 feet, showing excellent indications.—Stevens Point (Wis.) THE TEAMSTERS' STRIKE.

Authorities Seemed to Control the Situation With 7,500 Armed Men—No New Features.

Chicago, May 28.—Levy Mayer, attorney of the Employers' association left Saturday for New York and it is believed he has been summoned to New York to lay before the head officials of the Express companies the strike conditions in Chicago and suggest a line of campaign to be followed in the contest with the labor union.

An armed force of 7,500 men, police and deputy sheriffs, said to be almost as large as the entire national guard of Illinois was in command of the Teamsters' strike situation Saturday. A call for troops seemed to be increasingly distant. Possible spread of the strike of the express drivers to other cities is a new element in the situation. Business Agent James Barry of the Express drivers has gone to New York and 50 members of the Chicago Express Drivers union are said to have been directed to visit 50 of the large cities of the country in order to lay plans for a general strike against all express companies unless the Chicago drivers are reinstated. Rioting was renewed Saturday near the shopping district. Missiles were thrown, but no one was seriously injured. Police dispersed the mob. Attention of the strikers and employers was centered largely on the effort of the Associated Building Trades in withdrawing moral and financial support from the teamsters' cause, the first effect will be to cut off nearly \$1,000 a week from the strikers funds.

IN THE KOREAN STRAITS

Rojestvensky's Fleet of War Vessels Sighted Off the Tsu Islands Saturday Morning.

WERE THE JAPANESE HOODWINKED?

Nothing is Said of the Whereabouts of Admiral Togo's Ships, but it is Hardly Probable That the Russians Can Get Through to Their Destination Without Trying Conclusions With Japs.

[Advice from various sources point to the probability of an early battle between the Russian and Japanese fleets. The Tokio dispatches reporting the presence of Russian warships off Tsu islands in the Straits of Korea indicate that the Russian admiral has divided his fleet, as authentic dispatches to the Associated Press, confirmed by advices received in Washington, show that some Russian vessels are still near Shanghai. It is probable that Rojestvensky has detached his auxiliaries, supply vessels, unarmored ships and others unfit for battle, and proceeded northward with his main fighting force. Whether it is his intention to force Togo to accept battle or whether his object is to reach Vladivostok, the dispatches do not make clear. Togo's whereabouts is not known.]

Tokio, May 28.—The Russian fleet, including battleships, cruisers and smaller craft, was sighted early Saturday off the Tsu islands in the straits of Korea.

The sighting of Admiral Rojestvensky's fleet off the Tsu islands would seem to indicate that the Russian commander has determined to take the boldest course and, instead of skirting Japan and entering the sea of Japan by the Tsugaru or La Perouse straits, to push direct through the straits of Korea and try to reach Vladivostok which is about 640 miles from the Tsu islands. That he will be able to do so without at least being harassed by the Japanese seems improbable and the report circulated at Tokio that the two fleets have engaged in the straits of Korea may turn out to be correct. There is the possibility of course that Rojestvensky may have so far deceived Admiral Togo that the latter is still at the base he established north of the island of Formosa, in which case a general engagement may not take place before the Russians reach Vladivostok. It is also possible that the Russian vessels sighted in the straits of Korea only form a portion of the Russian fleet.

Information Withheld.

Tokio, May 28.—Transmittable information concerning Saturday's historic events in the neighborhood of Tsu islands is limited to the bare fact that Rear Admiral Rojestvensky's main fleet, steaming in two columns with the battleships on the starboard and the cruisers and monitors on the port side, appeared in the straits of Korea. All other information is withheld by the Japanese authorities and cable transmission is refused any other reference to movements of the Russian fleet, or the movements of the Japanese.

Rejoicing at St. Petersburg.

St. Petersburg, May 28.—There was great rejoicing here on receipt of the Associated Press despatch from Tokio announcing that Admiral Rojestvensky has been sighted off the Tsu islands, straits of Korea. Many people believe Rojestvensky has already met and defeated Admiral Togo while others hold that he has eluded the Japanese admiral and that it will now be a stern chase for Vladivostok. The fact that Saturday is a general holiday, the anniversary of the emperor's coronation, is considered a happy augury. The city, which is gaily decorated, is full of rumors of a Russian victory.

Colliers Return to Saigon.

Saigon, Cochinchina, May 28.—Returning colliers report that Vice Admiral Rojestvensky's fleet arrived off the Saddle islands May 24 and proceeded in the direction of the Straits of Korea.

Washington Hears Rumors.

Washington, May 28.—Private advices received here of an entirely authentic nature report more than 21 Russian vessels, including three battleships and three cruisers, off Saddle islands, which are 60 or 70 miles south-east of Shanghai. Additional information reports that it is rumored a naval engagement has taken place.
